

## Recently Completed Projects

Provide documentation of three (3) recently completed projects per service that show competency in the given field of expertise, and with preference to projects that are energy efficiency related. It's preferable you list jobs that can be verified via outreach to the client. Once complete, save a copy of this form for your records. Please combine this document and any other supporting documents related to project experience into one (1) PDF file prior to uploading during the application process.
